# **User Application Storyboard #1**

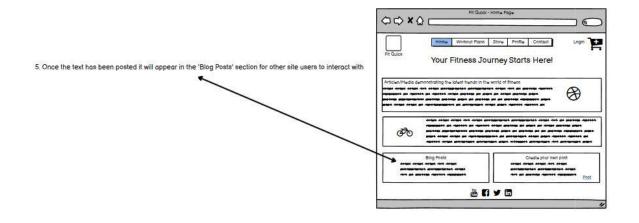

Jenn Brookes is a user looking to post a blog asking other users if there are any good gyms in her area

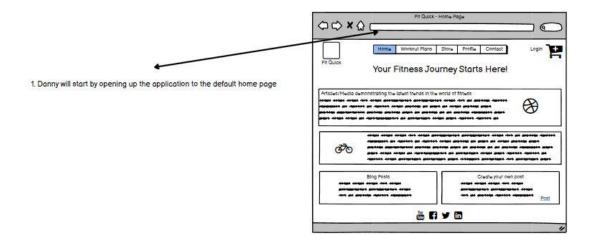

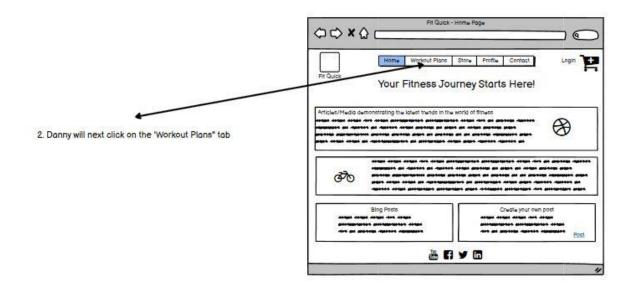

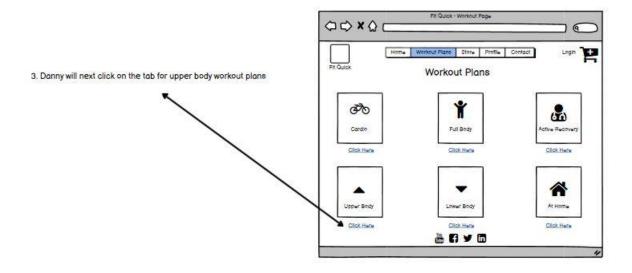

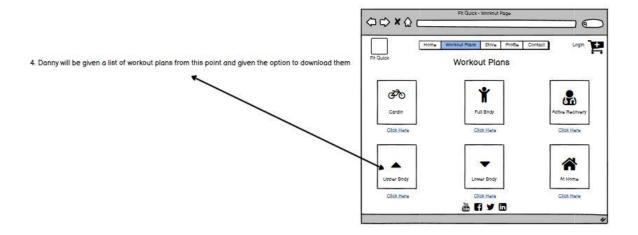

# **User Application Storyboard #2**

Danny Smith wants to look up workout plans and download one focused on upper body fitness

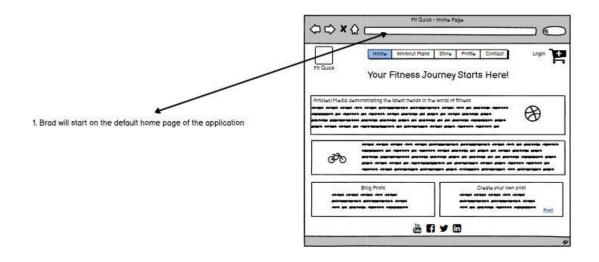

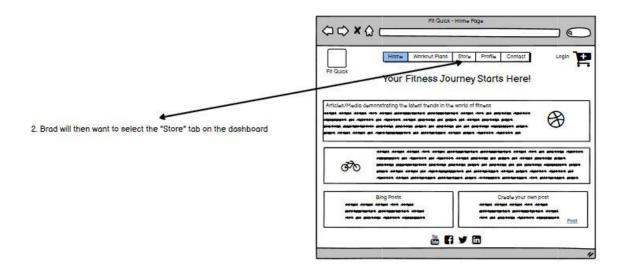

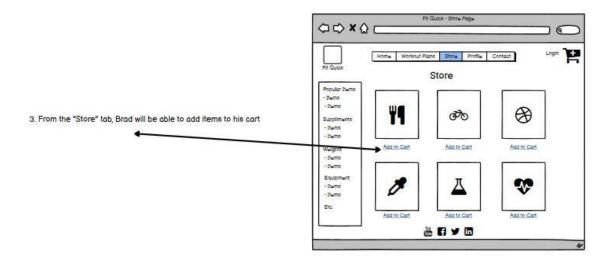

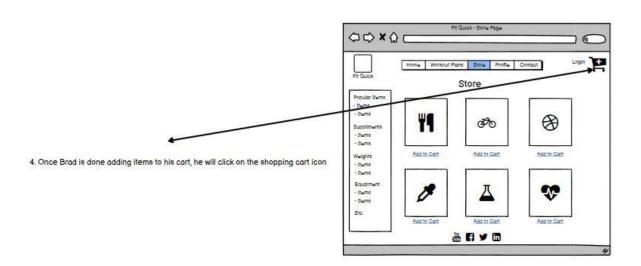

# **User Application Storyboard #3**

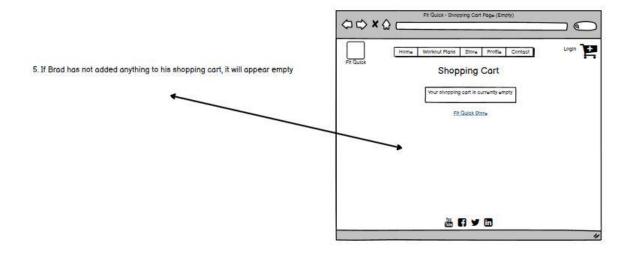

Brad Davis wants to add items to his shopping cart and place an order on the application

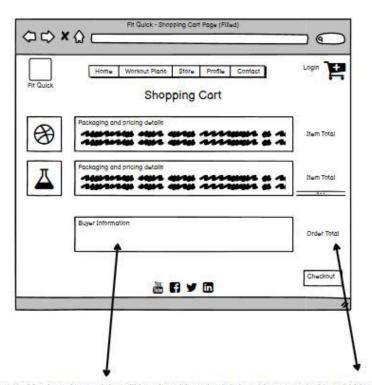

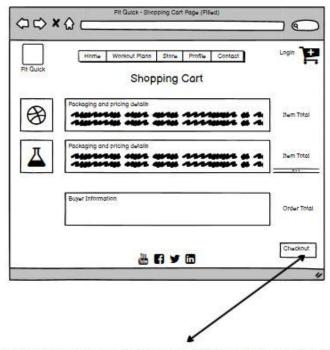

6. If Brad has added items to his shopping cart, he will be given his order total and be prompted to add his purchasing information

7. Once Brad has entered all of his purchasing details, he can click on the 'Checkout' tab and complete his order request
